IMPROVING COURT HOUSE YARD.

The space between the curb and concrete walk around the court house is being filled with earth and will be sodded with Bermuda. This, with the removal of the old jail now in progress, together with other improvements to be made in the near future, will greatly improve the appearance of the "court house square."

LABOR NEWS AND NOTES

There are 22,000 union carpenters in Pennsylvania.

Maine is the greatest gem-bearing State in the Union, producing every variety of precious stones except diamonds.

Russia is the only other country in the world besides the United States that has more than one city of 1,000,000 population, of which there are but ten.

The Southern States at one time produced far more bacon than they do now and really supplied the bulk of bacon necessary for the use of Americans. This cannot be said now of a single Southern State.

Government estimates of the number of milk cows on the farms and dairies of the United States is about 20,737,000, an increase of about one-half of 1 per cent over the census figures of 1910.

Railroad ties made of reinforced concrete into which asbestos fibers have been introduced, tried out on a Bavarian railroad, can be drilled and hammered like wood, which they far outlast.

Traffic policemen in certain sec-

tions of Terre Haute, Ind., have been permitted to work in shirt sleeves and to wear cork helmets because of the intensity of the hot weather.

President Golden of the United Textile Workers of America has been appointed by Governor Walsh as a member of the Massachusetts Bureau of Labor and Industries for the four-year term.

Men who have been working on the scheme for a number of years have at last succeeded in forming a practical business organization among the practical labor press of the United States and Canada under the title of the International Labor Press Association.

Regina, Canada, workmen wanted eight for a quarter street car tickets during the noon hour, but the aldermen turned down the proposition. It was alleged that business men would reap more benefit from the change than would the labor men, as many of the latter did not go home for lunch.

Dublin still refuses to allow taxicabs to displace the Irish National vehicle, the jaunting car. No taxicabs are allowed on the ranks in the Dublin streets, as the patriotic corporation knows that their advent would throw the jaunting car javeys out of employment.

Rochester journeymen barbers are of advancing the price of haircuts to 35 cents, shaves to 20 cents, and children's haircuts to 25 cents. That is contemplated, it is said, with a view to compensating the boss union barbers—boss barbers who employ union men—for the shorter hours for which the journeymen barbers are agitating.

The Anti-Jap Laundry League of San Francisco is in receipt of numerous complaints relative to the employment of Asiatics in restaurants, cafes, saloons, hotels and apartment houses in preference to white men and women, who are compelled to walk the streets in search of employment.

JUDGE REESE IS BACK HOME.

Jurist Much Improved After Long Illness.

Judge T. S. Reese of the Court of Civil Appeals, who has been in ill health for several months and at the home of his daughter, Mrs. D. W. Spence, at Bryan, arrived here yesterday with his son-in-law, Prof. D. W. Spence. The judge has taken up several days' residence at the Tremont Hotel, and though fatigued from his journey, looked well and stated that his health was much improved. Today he will be found in his office at the Court of Civil Appeals. It is his intention to remain but two days in town. He will then return to Bryan and be with Prof. and Mrs. D. W. Spence. Judge Reese stated that there was no truth in the rumor that he would retire from the bench.—Galveston News.

THIS DAY IN HISTORY

- 1812—The Decameron of Boccaccio sold to the Marquis of Blandford for \$12,000 in London.
- 1850—Steamer Griffith burned on Lake Erie and 300 lives were lost.
- 1858—Battle of Gaylor, Indian mutiny.
- 1882—Destructive tornado in Iowa, 1,500 being rendered homeless.
- 1904—Russians preparing for another naval engagement with Japanese fleet.
- 1913—President Taft vetoed the army bill which would have retired General Leonard Wood.

METHODIST PRAYER MEETING.

The pastor has returned and hopes to see a large crowd at the midweek prayer service tonight at 8:15. He will have something to say of the splendid revival which has just closed at Rusk, in which there were almost one hundred conversions and reclamations and something like sixty applications for church membership.

FOR QUICK SALE.

63 acres in farm, 2 1/4 miles from Bryan, about 40 acres in creek bottom, all in cultivation but a 7-acre pasture, a dandy little place, between Booneville cemetery and Carters creek. Will sell at \$40.00 per acre, if bought now, one-third cash, balance terms to suit. This place is worth \$75.00 per acre. WALTER J. COULTER.

REVIVAL AT MILLICAN.

One of the most successful revivals at Millican in several years was closed Sunday night. Services have been conducted thirty days and nights by Rev. William Dunlap of Salome, Ark. Thirty-one members were received into the Methodist Church and several are to be received by other denominations.

Rev. Dunlap is a Millican boy and was converted fifteen years ago. He and his wife and two children leave for Salome, Ark., tomorrow, and will immediately enter into a series of revivals at points in Arkansas, Oklahoma and Missouri.

MAKES BACKACHE QUICKLY DISAPPEAR

A Few Doses Relieves All Such Miseries. Bladder Weakness, Kidney Trouble and Rheumatism Promptly Vanish

It is no longer necessary for any one to suffer with backaching, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

MEMORABILIA!

THE TRUTH IS THAT

—for the people of Texas, Louisiana, Oklahoma and adjoining territory, Colorado Springs, Denver and Boulder, Colo., are three of the most attractive, easily reached and comparatively inexpensive vacation places in the West; that they are excellently reinforced by numerous others near by, and that, with their altitudes, pure and mineralized waters, delightful atmosphere and rugged picturesqueness, no equally inspiring or healthful situations can be found in any direction!

With double-daily solid through trains using quick schedules between Fort Worth and Denver, including superb dining car service affording all meals at moderate prices and under conditions assuring their leisurely enjoyment, and carrying special observation sleepers from New Orleans, Shreveport and Dallas in connection with the Texas & Pacific Ry., also standard sleepers from Galveston, Houston, Corsicana and Dallas in connection with the Trinity & Brazos Valley Ry., and from San Antonio, Austin and Waco in connection with the Mo., Kans. & Texas Ry.—the Fort Worth & Denver City Ry., ("The Denver Road")—leaves nothing to be desired in the way of transportation service to and from the delightful territory referred to—and is therefore in a class to itself.

Ticket Agents of either of the several lines herein mentioned, or Mr. A. A. Glisson, G. P. A., Fort Worth, Texas, will gladly supply beautifully illustrated resort booklets, maps, schedules and information as to low-rate round-trip fares, etc., and all invite calls and correspondence.
